

NOTICE TO DEFENSE COUNSEL
Re: Retroactive Amendments to Drug Quantity Table

The Federal Public Defenders for North and South Dakota have been appointed to screen and assist ALL potential candidates for relief under the United States Sentencing Commission's retroactive amendments to the drug quantity table in the Sentencing Guidelines. They are actively screening cases, contacting clients, and filing motions for relief now.

Any lawyer contacted by a client about those issues, or with questions or concerns can contact the FPD office to ensure that no potentially eligible person is missed. Questions, concerns, or the names of potential candidates can be directed to Tim Langley, Jason Tupman, or Molly Quinn at (605) 330-4489 or by email at timothy_langely@fd.org, jason_tupman@fd.org, or molly_quinn@fd.org.
